

## 2009/2010 Confirmation Class Covenant/Commitment Form

This is a covenant stating that Confirmation will be a priority in your life over the course of the class. You will be covenanting that you have received, read and placed the Confirmation class dates on your calendar and *will not* schedule other activities that will interfere with your participation in the class. The entire class will write a unique and more detailed covenant at our opening retreat and at our first class in September. This is also a statement of commitment that you will be a full participant in the Confirmation class.

As a Confirmand,

I commit myself to fully participate in the Confirmation class. I have received, read and placed the dates of the Confirmation class on my calendar. I will make the Confirmation class a priority in my life.
